FRIDAY SEPTEMBER 14, 1945

NUMBER 20

Town Council Meeting Monday Night

Regular meeting of the Town Council was held Monday evening, and the cash statement and the report of the Police and the Town Supervisor were read and passed. Also the report of the Provincial Office Inspector with the motion that his recommendations be carried out.

A letter from the first Ward bishopric asking the Council to prohibit Sunday baseball was read and the Council passed a motion prohibiting baseball in Memorial Park on Sundays but no action was taken on any other sports at this time.

A tax settlement was made with a ratepayer, and a letter was read asking approval of the Town on the purchase of a building site for a new Bank. A motion was passed approving this. The Secretary was asked to phone John Haddin, engineer, specifying craft, equipment and adjustable hub bands on the 14" pipe.

A petition was in representing the majority of the ratepayers in the north side of 1st street east asking for a cement walk, and the Council voted to construct the walk on the 50-50 basis on the recommendation of the Engineer.

Warren L. Jones was appointed Enumerator for 1946, and was also appointed Assessor for 1946 by motion of the Council.

A report was made on the mileage of Supervisor Jones in Town work, and a motion was passed to pay for this at 10c per mile. The pay roll was passed and ordered paid.

AWARD CONTRACT POT HOLE DAM TO ALBERTA FIRM

Western Construction company of Edmonton, was awarded the contract today, Tuesday, for the construction of the Pot Hole Cooler dam at Magrath. It was announced from Edmonton. The amount of the contract is \$390,365 and seven bids in all were received. There will be certain other costs for lands etc. which will bring the cost of the completed job to something over \$400,000. Work should begin within a week—Lethbridge Herald.

Elder Jas. S. Anderson was the speaker at the 2nd Ward Sacrament meeting Sunday evening relating a number of interesting experiences in church work. A solo by Miss Melba Wilde and a duet by the Misses Myra Dahl and Kathleen Holmes added to the enjoyment of the meeting.

PIANO OWNERS

Mr. Weir, with 30 years experience back of him, will be in Raymond Tuesday. Phone orders to 24 or 20. We suggest that you DO IT NOW.

WEST COAST STAR

Golden-haired Isabelle McEwan is the soprano star of two popular programs currently heard from CBC's Vancouver studios. She sings for the Trans-Canada network radiance in her own half hour program, Tuesday nights at 6:00 p.m. (CST), and joins Harry Pryce's orchestra on Leicester Square to Broadway Saturday nights at 9:30 p.m. (CST) over the CBC Trans-Canada network. A globe trotting artist, Miss McEwan has appeared in musical comedy in New York on films and radio in Britain and in opera in Paris.

Rex P. Ehler, stationed at Regina with the Dental Corps of the R.C.A.F. was home for a few days the first of the week. His wife was unable to come with him this trip.

COMBINING NEAR END

As we go to press this week the grain harvest is approaching its end in the district. There remains quite a few fields yet to harvest south of town toward the ridge, and quite a lot of blunder cutting has been done and remains to be threshed out in the main the combining of the grain crop is rapidly approaching its finish. All in all the harvest has been better than was anticipated. Despite the hot, dry weather of July and August, the grain filled fairly well, and 20 and 25 bushel yields of wheat are not uncommon, with the average for wheat being about 15 bushels, most of it No. 1. Coarse grains made better yields but an estimate on yield is difficult as most of this grain is kept on the farms for feeding and never finds its way to market.

Beets are expected to make a good crop. Water has been short and where growers have been unable to water abundantly yields will be short. The weather from now until harvest will have a lot to do with the final tonnage and fieldmen are very conservative about making any estimate because of the uncertainty of the weather. Sugar content of the crop promises to be average. About 300,000 tons is expected to be harvested over the district this fall.

"Post War Britain"

Sponsored by the Raymond Rotary Club, Miss Hilda Beal, of York, England, noted British educator, lecturer and writer, will be at the Raymond First Ward next Monday evening, September 17th at 8:30, and will speak on "Post-War Britain."

Miss Beal has spent the past few years acquainting Britishers with Canada and Canadian service personnel with Britain. The sponsors feel this is an opportunity none, especially High School students should miss. All are welcome, and there will be no charge.

R. D. At St. Andrews

"And now I have just time to as they have done on the same site gather up my family and go along since Gettysburg Settlement Days. The to church, and I hope you will all see, Mr. James Morwick, is the be doing the same. Good morning!" grandson, of a Red River settler in thousands of homes throughout who worked on the building of the prairie provinces, this familiar old St. Andrews in 1844. The original Sunday morning message has been long church on this site was built in heard week after week for nearly 1832. St. Andrews was consecrated five years, as R. D. Colquhoun CBC's in 1849 by the first Bishop of the general Northwest. News Editor in's Land, Rt. Rev. David Anderson, concludes his broadcast of news it became the mother church of culled from the weekly newspapers many thriving congregations along of Manitoba Saskatchewan, and Alberta Red and Assiniboine Rivers. The first, The other day, "R.D." visited centenary of the church, and of Western Canada's oldest church, Bishop Montague's visit to it in 1844 known affectionately to Winnipeg was marked by a visit from the people as "old St. Andrews," on the Prime of All Canada, Most Reverend of the Red River, twenty miles below the city. Here the faithful end Derwyn T. Owen, on June 25, still gather for Sunday services, 1944.

AND what's more, we'll give you an initial payment of 2c per lb. live weight on fleshy horses, depending on grade. Further payments will be made on the basis of patronage dividends. In other words, the more you use your plant the greater your returns will be.

At the moment your plant is being constructed on borrowed capital from outside sources. By loaning your money as loan capital and by buying shares in advance for the horses you wish to list, at one dollar per head, you are making it possible to rush the plant to completion and thereby have your horses processed at an early date.

Get behind your Co-op. The sooner you pay for your shares the sooner you will have complete ownership of the plant and all its assets.

YOU, the producers, are the ones who will benefit. Instead of having surplus horses eating up your grazing lands and depleting your watering places you can sell them at a nice profit.

HOWEVER, you must list them now to get a priority and authorization to ship them to the plants at Swift Current or Edmonton.

Please send your listings and enquiries to Swift Current, Sask.

DEFLATION

AND YOU'VE GOT INFLATION

Let's not deceive ourselves by the belief that the danger is over—just because the war is won.
And let's remember that inflation is always followed by deflation with its misery of bankrupt businesses, mortgage foreclosures and unemployment.

It's your job and your savings that are at stake.

The danger of inflation, with its black shadow—deflation—will remain as long as goods are scarce and insufficient to meet demands. That may be 6 months, 12 months, 18 months. Only time will tell. As quickly as controls are unnecessary, they are dropped.

After nearly 6 years of war, industry cannot switch over to normal production of civilian goods by a snap of the fingers. Reconversion takes time. The whole system of raw materials, labor and production has to be re-gear.

In the meantime, price ceilings, rationing and other controls are the safeguard for every one of us. It's everybody's responsibility to help make them work.

SO— Keep on watching your buying. Don't rush to buy scarce goods. Keep on saving your money. Put it into Victory bonds and War Savings certificates.

Keep on supporting wage and price controls, and rationing. Keep on fighting inflation and its black shadow... deflation.

**NEWS NOTES**

A luncheon and meeting of Sugar Factory foremen of both Raymond and Picture Butte was held in the Vets Sugar Bowl Wednesday evening when the coming campaign was discussed and policies decided on.

Pto. Jim Greep, who has been with the Canadian Army for nearly four years, arrived home from overseas last Saturday and says "Oh boy is it good to be home." His wife has been here for about three months.

Mr and Mrs. Guy Alexander, who live in Dayton, Ohio, were Raymond visitors last week with friends and relatives, returning the first of this week. A family party was held Thursday night while they were here.

Mr. and Mrs. Snow of Salt Lake City and three children spent ten days vacation here with relatives and friends and while here the Allen families spent a week end at Water ton Park. Mrs. Snow is the former Hazel Allen, a sister of Mrs. Wing, Heber and John.

The fire brigade responded to a call about 1 a.m. Thursday morning when the shed and garage on the home occupied by the Wm. Reber family was ablaze. A quick night and good work with the hose saved the adjoining buildings. The illumination of the fire wakened Loran Larson who turned in the alarm. The exact cause of the fire is unknown.

Prof. J.A. Widstoe of the Council of the Twelve has been in Alberta for about three weeks assisting the Government and irrigation districts in their problems. He was speaker at the Lethbridge Board of Trade meeting Wednesday at noon, and addressed a large congregation in the L. D. S. Church there Wednesday evening. Elder Widstoe is an international authority on irrigation problems.

Clarence E. Allrod and S. B. Williams were in Lethbridge Thursday for the funeral of Mrs. William Martin who passed away there Tuesday afternoon. 42 years ago the Martin family came to Raymond from England and lived here for a number of years and then homesteaded in the Manterries country. Two years ago they moved to the Macleod district. The Williams' family were neighbors of the Martins in the homestead country. Mrs. Martin was laid to rest in the local cemetery Thursday afternoon.

NEW SETTLEMENT

The church of the "Latter Day Saints, better known as the Mormon church, has purchased a considerable area of land from the Eastern Irrigation District for use of the Mormon ex-servicemen. The land is in the Rosemary district and comprises some forty four square sections, most of which is irrigable.

The first Mormon settlers, in Alberta came at the beginning of Sunday, and by the time this goes to press will likely be at home. The "Cardston" district in southwestern Alberta it was from the state of Utah, the "homeland" of Mormonism that they came. The state has

large semi-arid and even desert regions and the Mormons developed irrigation to a high degree of proficiency. When settlers therefrom came to southern Alberta they concentrated in irrigation development.

Southern Alberta Mormons have shown enterprise and ability in many walks of life. They are largely responsible for the sugar beet development in the Delaheddy area.

The have built up thriving and prosperous districts, villages and towns. They have taken an active part in municipal, provincial and federal affairs and are good Canadian citizens. —Brooks Bulletin.

Harold McBride returned home Tuesday night from a business trip to Calgary. He brought his brother Lloyd home with him for a few days visit before returning to hospital.

DAYLIGHT TIME TO GO IN CANADA

Ottawa, Sept. 11 The government has decided to revert to standard time and discontinue compulsory daylight saving time which has been in effect throughout Canada as a war measure. The Canadian Press learned today.

It was understood a statement to this effect would be made in the house of commons this afternoon, presumably by State Secretary Paul Martin.

It also was understood that no date has yet been set for the return to standard time in Canada, but it was believed the effective date or actually chosen would be Sept. 30, which would coincide with plan in the United States for a return to standard time there.

Daylight time was made compulsory in Canada early in the war as a power conservation measure. It first was made compulsory in some sections of Ontario and Quebec and a few months later was extended thru out the country.

Presumably, the country now will return to the prewar system of having daylight time effective during the summer months and remaining on standard time during the winter. —Edmonton Herald
